Response to an Office Action

Honorable Commissioner of Patents:

In response to the Office Action dated September 8, 2003, raising questions about the drawings, specification and claims, kindly amend this application as follows:

Submitted herewith are corrected drawings. It is requested that these be entered into this application. They are discussed in the Remarks below.

Submitted below are amendments to the specification. No new matter has been inserted. Instead an effort was made to overcome the Examiner's objections to the specification. In addition and in connection with drawing changes a few remarks have been added in the specification. It is requested that these be entered into this application. These are discussed in the Remarks.

Submitted below are amended claims. It is requested that these be entered into this application and the application allowed. These are discussed in the Remarks.
